

Redes de datos LPWA

RFC <https://tools.ietf.org/wg/lpwan/>

<https://github.com/sftcd/lpwan-ov/blob/master/draft-farrell-lpwan-overview.txt> lo otro es que debería estar ak <https://www.lora-alliance.org/what-is-lora> al final de la página dice que mande un correo pa que se lo envíen . . .

https://docs.wixstatic.com/ugd/eccc1a_20fe760334f84a9788c5b11820281bd0.pdf es como un resumen muy completo los módulos chinos son OTAA y los sigfox ABP por eso se comportan diferente ak mas humano el RFC <https://tools.ietf.org/id/draft-ietf-lpwan-overview-04.html>

Sigfox
